

Lindley Sixth Grade Learning Plan for the remainder of the year.

Beginning Monday, April 13, 2020, for all Cobb County students, and for the rest of the 2019-2020 school year, digital learning will occur on a Monday through Thursday schedule.

Each Friday will be an opportunity for students to independently review their progress from the previous week and to catch-up on assignments as needed. No new work or assignments will be presented to students on Fridays.

LSGA Families, we are encouraging our scholars to remain engaged in learning through the end of the school year to ensure they are well prepared for 7th grade.

AT LSGA, Students will focus on **one core subject** and **a connections class per day**
Work will continue to be posted on teacher blogs for students to work independently
Please refer to the teachers' blogs and continue to communicate with your individual teachers with any questions regarding the content.

We want our scholars to continue to work to improve their grades for quarter 4 but far more important is learning the content to ensure scholars are well prepared for 7th grade.

Our Professors will be giving feedback and monitoring progress through the end of the school year. No students' grades at the end of this quarter can be lower than the grades received on Friday, March 13, 2020.

The District has already shared that Covid-19 will not negatively impact any student.

For field trips that were scheduled, refunds will be given but we cannot guarantee a specific day/date since we are still working away from school. We are sorry for the inconvenience but hope that you'll bear with us as we are all dealing with these extraordinary events.

We will notify you when instruments can be returned to the school and personal belongings can be picked up from lockers.

LSGA Families, we understand the challenges that are being faced with digital learning, so we hope this revised schedule will help each of you and be far less stressful.

The Community On-Line Check-in will take place on Wednesday, April 22. Please look for the link later in the week. Please do not hesitate to email us if you have any questions. Thank you for your continued support and patience!
